DEDICATION - WALTER & VIRGINIA GUYETTE

Walter first came to Sorrento with his mother Winifred to visit his grandfather George Kane and great grandmother Louisa Stover Kane Jellison. In his early years they traveled by steamship from their home in Boston where his father George worked as a construction superintendent. As roads improved, the trip was made by car. He spent many enjoyable summers in Sorrento with relatives as a young boy, especially with Aunt Gertrude Sinclair and hunting or fishing with cousin Leonard Sinclair.

During these visits Walter developed a deep attachment to Sorrento and its residents. After one especially long November vacation hunting trip, while a senior at The Boston Trade School for Radio Electronics; his yearbook noted "he'll go far if he can get Maine out of his system." Walter worked in the Boston area following graduation in 1936, but returned to Sorrento in 1941 to drive the U.S. Mail out of Ellsworth to the Sullivan P.O. He joined the Army Air Corps in 1942 where he continued his career in electronics becoming one of the Air Corps top radio-radar specialists at Boca Raton, Florida. Volunteering for three tours of duty at a five man isolation post on the remote Seguam Island in the Aleutian Islands of Alaska, he operated and commanded a coded radar-radio weather station to guide our war planes. After WWII he returned to Sorrento again with his brother Herbert and operated the Rockefeller Riding Stables on Mount Desert Island until the Fire of 1947.

Virginia grew up in Sedgwick where her parents, Walter and Helen (Gray) Clement, were well known farmers and crafts people. After graduation from Penobscot High School and a trip to the Worlds Fair in New York, Virginia was one of the last teachers to graduate from Castine Normal School before it became Maine Maritime Academy. She taught school (usually 8 classes in one room) in the Penobscot area and helped staff a coastal watch tower looking for enemy planes during WWII.

She was teaching at the Bridge Hill School when she met Walter in 1948. They were married in 1950 and settled down to raising chickens and six children (Walter Jr., Clement, Michael, Virginia Lea, Timothy, and Fona.)

Virginia returned to teaching the 3rd & 4th grades in Franklin for 10 years and 2nd, 3rd, 4th, or 5th in Lamoine for 22 years until retiring in 1991. She had many friends and devoted students in 39 years of teaching.

Walter served Sorrento as a Selectman and later as the school bus driver and custodian at the Sorrento Grammar School. He directed the expansion of the Maple Crest Nursing Home in Sullivan and served as its custodian for several years before opening and operating a T.V. & Appliance business in Ellsworth until his retirement in 1978.

Virginia has served for many years on the Sorrento Community Building Committee and other local charitable organizations.

Over the years, they have instilled a high sense of civic pride and duty in those around them. Five of their children live or work in Sorrento and, with their spouses, are involved in many civic activities and duties.

During the mid 60's they enjoyed square dancing with the Frenchman's Bay Bells & Buoys at the Sorrento-Sullivan Rec. Center. Since retirement, Walter and Ginny have enjoyed playing Canasta or Samba, many good books, and many hours bird watching from their Fuller Road home overlooking Flanders Bay Valley.

DEDICATION - HOWARD & DOROTHY BRUENN

In 1953 Howard & Dorothy Bruenn were living in New York with their 3 children. As a vacation suggestion, their good friends the late Milt Singer and his wife June recommended a little peninsula 'way Down East in Maine' - as far out of their ken as could be imagined. Sight unseen, they packed the whole family, pets and all, into the convertible and embarked on an epic 2-day drive through New England and up Route 1. Thus began a 40 year old and still passionate love affair with Sorrento.

For the first two summers they rented Kin Kerri. In subsequent years they became adept at the Sorrento Two-Step: moving from the Quarry, to Sea Level to Siegrist Cabins and back. Then in 1960 the Quarry came on the market. They'd summered in it, they loved it, they bought it. And they have never missed a summer in it since.

Howard and Dottie have made lasting and intimate friendships here. So many of us love them and feel we know them well. But many may be unaware of their very unique "other" life.

In WWII Howard was a practicing cardiologist and a Lieutenant Commander in the Navy, stationed at the Bethesda Naval Hospital in Maryland. In late March of 1944 he was startled to have Franklin D. Roosevelt ushered into his examination room as part of the President's routine checkup. It was anything but routine when Howard diagnosed FDR with acute congestive heart failure, a condition which had to be kept secret from a country at war. The treatment he prescribed was rejected at first as inappropriate for Roosevelt's hectic schedule. But Howard stuck to his guns, won permission from the medical brass to proceed, and, within a short period, the condition had reversed dramatically.

From then on, Howard was assigned to attend to Roosevelt. Counseling, examining and treating FDR on a daily basis, he travelled everywhere with the President: Pearl Harbor, Quebec, the U.S. Campaign Trail, Yalta (with Churchill and Stalin), etc. When President Roosevelt finally succumbed to a sudden and massive cerebral hemorrhage in April 1945, in Warm Springs, Georgia, it was Howard who pronounced him dead and rode with the body on the train that bore FDR back to the capitol of a grieving nation.

Howard and Dottie moved to Riverdale, NY, a stone's throw north of Manhattan, where Howard embarked on a long and distinguished career as a cardiologist both in private practice and as a faculty member at the renowned College of Physicians & Surgeons affiliated with the Columbia Presbyterian Medical Center. Dottie, her hands full with Steve, Nonie and Jim, still managed to serve as a volunteer at the hospital, at the library and at Wave Hill. Today she still serves as a docent at Wave Hill, a highly respected and beautiful horticultural center on the banks of the Hudson River. This last will come as no surprise to those of us who have gasped with delight at her lovely landscaping and flower beds around the Quarry.

Since Howard's retirement, they have spent the better part of 4 months a year in Sorrento. Here they feel rejuvenated and fulfilled and, in turn, enrich the lives of those of us around them. Many of us have been fortunate to experience Dottie's grace and genuine concern, or to benefit from Howard's medical counsel or intelligent wit. They have embraced and supported Sorrento from the depths of their being, and Sorrento now salutes them.

State of the Town Report

Several important issues are now facing the Town of Sorrento. These issues will have a financial impact upon the town and there will be an increase in taxes because of them.

The first immediate issue is the closing of the town dump. As of Jan. 1, 1993 we can no longer use the site for disposal of solid waste, demolition debris, bulky goods or recycling. A newly formed Solid Waste Committee, whose members are Thelma White, Hilly and Henry Darrach, Tim Guyette, Cathy Herson, Frank Trundy Jr., and Dennis Perry held an informational meeting on Jan. 21 at the Community Building. Approximately fifty townspeople were present to discuss the options available for short term and long term solutions. The majority present, through a straw vote, have requested that a temporary transfer station permit, be obtained which would be good for up to a year. Before this is obtained, residents will have to dispose of their trash at the Sullivan Town Dump on Sundays. Recyclables will have to be turned in at the Regional Site in Hancock. Also we presently have no place for bulky goods/white goods and demolition debris.

The residents, at this meeting, also voted "as a druthers" to have a permanent transfer station in Sorrento. In addition, they asked the Solid Waste Committee to look into initial and operating costs for this venture, of joining Sullivan, of seeking a regional site, or curb side pick-up.

In order to have a permanent transfer station, the Town must acquire property. The Selectment are seeking to purchase the present landfill site and an adjoining piece so the required boundary setbacks would be in compliance with Department of Environmental Protection standards. We had to seek the purchase of this adjoining property because the other abutting landowner would not give us a setback variance.

As for the official closure of the present dump, the Town has finally obtained the necessary geological tests which will be sent to the state. We have been pursuing a Class C closure, which is least expensive, and needed these tests in order to qualify. Engineering Dynamics, our contracted engineering firm, has submitted these test results to the state to get our official closure classification. Once notification is received, Engineering Dynamics will finish the closure plans to the state. To date, the town has spent \$7,017.00 for Phase I of a closure proposal. This phase consisted of the engineering firm doing a historical review, site survey, area map, site plan, solid waste boundary identification and GES assessment.

Phase II of the closure proposal is the closure plan, cover material source, construction contract documents and reimbursement grant application

which will cost between \$4,000-\$5,000 for a total cost up to \$12,200. If the State has any money, we will be reimbursed 75% of all costs for the closure.

The actual physical closure, cost of cover material, grading, seeding etc. has not been determined but could cost in the vicinity of \$25,000.

The second major issue is the "salt shed". Since this project is partially reimbursed from the State and since they have no money, the deadline for submitting a plan was extended to Jan. 1995. A "bombshell" has been dropped on the Town by the present landowner where the stockpile is located. A letter from the owner's lawyer has informed us we must be off the land Jan. 27, 1994. Again this requires Town property and the shed would be placed on the land the Town is seeking to purchase. Estimated costs for the salt shed is approximately \$50,000 plus site preparation. This project will have to be done in fiscal year 93.

Major refitting and rebuilding of our dock facilities will be done this year. The walkway will be structurally reinforced with plans to rebuild in 1994. The existing floats will be "retired" due to severe deterioration. New floats will be constructed and in place for the summer traffic. Previously dedicated funds will cover the majority of the costs of this project.

As many of you may be aware, the year "1995" is the Centennial year for the Town of Sorrento. The Town will have to elect a Centennial Committee to plan and coordinate activities for the celebration.

Money will have to be raised at Town Meeting to support this committee.

TOWN OF SORRENTO, MAINE

1993

Assessor's Notice

In accordance with Title 36, M.R.S.A., Sec. 706, as amended, the Assessors of the Town of Sorrento hereby give notice to all persons liable to taxation in said municipality, that they will be in session at the Town Office in said municipality on the 1st of April at 7:00 p.m. for the purpose of revising lists of the estates taxable in said municipality.

OWNERS

All persons liable to taxation in the Town of Sorrento, Maine and all Administrators, Executors, Trustees, etc., of all estates taxable in said municipality of such persons are hereby notified to furnish to THE ASSESSORS TRUE AND PERFECT LISTS OF ALL THEIR ESTATES, REAL AND PERSONAL, not by law exempt from taxation, of which they were possessed on the first day of April, 1993, and be prepared to make oath to the truth of the same and to answer all proper inquiries as in writing as to the nature, situation and value of their property liable to be taxed.

ESTATES DISTRIBUTED

And when estates of persons deceased have been distributed during the past year, or have changed hands from any cause, the Executor, Administrator, or other persons interested, are hereby warned to give notice of such change, and in default of such notice will be held under the law to pay the tax assessed although such estate has been wholly distributed and paid over.

PERSONS DOOMED

And any person who neglects to comply with this notice is hereby barred to his right to make application to the ASSESSORS or any appeal therefrom, for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

Blank schedules will be furnished at the Assessor's Office on application.

NOTICE TO DOG OWNERS OR KEEPERS

Licenses are due on or before January 1 of every year on all dogs six months or older, or when dog becomes six months old. Proof of rabies immunization must be presented when applying for license. Proof of spaying or neutering must also be presented, unless this is already on record at Town Clerk's office.

Under state law, an extra fee of \$10 must be paid by dog owner if license has to be collected by authorized Animal Control Officer.

Males/Females	\$7.50
Neutered Males or Spayed Females	\$4.00

SORRENTO FIRE DEPARTMENT

The Sorrento Fire Dept. was very active again in 1992. There were 33 emergency calls (23 in Sorrento, a 21 % increase over 1991; 10 Mutual aid calls, 8 in Sullivan; 1 in Hancock; 1 in Franklin). A breakdown follows: seven dump fires not set by the attendants (3 in Sullivan, 4 in Sorrento); five chimney fires; five automobile accidents (3 in Sullivan at Jct. of Rt. 1 and Rt. 185, 2 in Sorrento (four personal injuries were suffered in these five collisions)); three power lines down or on fire; three structure fires (2 in Sullivan (one electrical, one child set), 1 in Hancock; 3 standby alerts for alarm systems; 2 smoke in the house calls; 1 forest fire reported in Sullivan but really in Franklin on Hog Bay at the Sullivan Town line; 1 grass fire; 1 vandal fire; 1 false alarm; and 1 medic alert (I've fallen and can't get up). All of these calls were dispatched thru Sullivan Base and or requested by the Hancock County Sheriff at the request of local citizens. It should be known that Sullivan and Sorrento have been and continue to be Automatic Aid to each other during the day for all calls and at night for structure fires with automatic standby for a second alarm at night. These calls resulted in 294 man hours of our Fire Fighters' time.

The 1992 Hancock County Mutual Aid Agreement was signed and approved by the Selectmen and Fire Chief. This allows neighboring towns to assist each other in times of need beyond the limits of the requesting town. Very few towns in Hancock County have enough fire fighters and equipment to fight a major structure fire alone.

The Department also did 15 controlled burns involving over 141 man hours. And as a public service pumped down one well so pipe repairs could be made. Donations of \$250 to the Fire Truck Fund were made because of these services.

Twelve Fire Dept. meetings were held, twelve Hancock County Fire Fighters' Association meetings attended and one Maine Chiefs' Association meeting attended. These meetings involved over 248 hours of time.

The main focus of the Chiefs' meeting was the new forest fire suppression funding laws. Sorrento is now responsible each year for the first \$110,000 (first ¼ of 1 % of total valuation instead of a 50/50 split of the first ½ of 1 %) of forest fire suppression costs in Sorrento whether managed by the Sorrento Fire Dept. or the Maine Forest Service. Therefore it is imperative that we be ready to handle small forest fires before they become big fires requiring outside help. To this end the Sorrento Vol. F.D./ Auxiliary purchased for \$700 two 1983 ¾ ton Ford pickups (1 for spare parts) at the State Auction in Augusta and helped outfit the best one as a forest fire fighting Brush Truck complete with a 250 gallon tank, 250 gallon/minute pump, 240' of booster line on a hose reel, 20' of 2 ½" hard suction and capable of carrying 10 Indian Tanks. A special State Grant was

approved for 50% of the purchase cost (\$520) of 4 new Indian Tanks for this truck. The donations of \$250 raised by burning fields and placed in the Fire Truck fund were used to buy forest fire fighting hand tools placed on this truck.

The most demanding activity of the year was in forty-six training sessions involving over one thousand and thirty eight (1038) man hours. Six hundred and fifty of these hours were in the 1st Responder course. This course meets the minimum NFPA 1001 and DOT standards set for fire fighters. Without this level of training a fire department could be held negligent for failure to provide an accepted level of protection.

The Good Samaritan laws do not protect fire fighters or fire departments which are required to meet state set training levels. Maine requires the NFPA Standard 1001 level for local fire fighters.

Twelve volunteers took and completed this demanding course. Two finished at the First Aid CPR level. Eight passed the First Responder practical exam and are awaiting state licenses and two will take the practical exam in Calais in early March. With the proper equipment and supplies 1st Responders are capable of giving Basic Life Support to emergency patients and are qualified: to treat and bandage wounds; splint fractures and dislocations; do spine immobilizations including helmet removal and placement of cervical collar; establish and insert airways and administer oxygen; perform cardiopulmonary resuscitation (CPR) and clear foreign body airway obstructions for infants, children, and adults; all this during or after a head to toe trauma assessment including relaying vital signs (pulse, respirations, and blood pressure, etc.) to the Emergency Medical Technicians arriving with the Ambulance. 1st Responders are trained to stabilize a victim, treat shock, control severe bleeding, extricate automobile victims with the aid of the Jaws of Life and if needed: so semi automatic RapidZap heart defibrillation, which if administered within eight minutes can increase the odds of survival 25 times. According to national figures: with CPR alone 3 out of 100 survive; CPR and RapidZap within eight minutes of heart attack 75 out of 100 survive.

At the Sullivan Dump fire in June we had one fire fighter collapse and spend two days in the hospital. If we had finished this course sooner we might have been able to reduce the extent of his injuries. At least we should not have to wait 20 minutes for an ambulance to arrive to begin treatment in the near future.

The entire cost of this course was paid by the Sorrento Vol. F.D./Aux. which with the money remaining in its accounts will pay for the Hepatitis B shots required of all interior Fire Fighters and Rescue Squad personnel as well as outfit the Rescue Squad with the needed medical supplies and trauma kits. It should be noted that this Rescue Squad is "people" working with a Utility Vehicle to get equipment to the scene of an emergency, NOT AN AMBULANCE TO

TRANSFER PATIENTS. Our GOAL is "to do as much as possible to stabilize a victim before an ambulance arrives without further harming the victim".

Once this Rescue Squad is set up (some time in March) and equipped (the setup costs to be paid by the Sorrento Vol. F.D./Aux.) the annual costs of operating the Rescue Squad should be less than \$1000 and covered without increasing our budget.

All too often in the past we have looked on as a neighbor suffered or died for lack of training or equipment. If we could save just one life or reduce one victim's suffering it will be worth all the work.

The six line officers (Chief, Asst. Chief, Captains and Lieutenants) attended a two day National Fire Academy field delivery Command Management course in Ellsworth in March of 1992. Training in air packs, ladders and hose was continued throughout the spring. This spring (1993) the Sorrento Fire Dept. will host a State Certified Fire Fighter I & II course. There will be open enrollment for all Sorrento citizens sixteen and over who wish to learn more about fire fighting.

Ten work sessions to repair and improve the Fire Stations were donated representing seventy-four skilled man hours. Much improvement was made at the Village Station. The front apron was paved to allow easier access and to aid in hose cleaning and drying. The sidewalk to the back door and stairs to the Town Offices was completed with the concrete donated by West Cove Boat. Gutters will be installed and final grade work between the buildings finished in the spring. A certain amount of work has been and will continue to be done to both fire stations. Whenever possible the volunteers have done this work on their own time in order to save tax dollars.

103 fire permits were issued in 1992. A reminder: all fires other than cooking fires on your own property require a signed burning permit in your possession.

Altogether Twenty (20) volunteers have donated one thousand seven hundred seventy five (1775) hours during one hundred forty eight (148) days to the service of this town of over 300-600 people. They are doing all they can to cut costs and yet protect the community in a proactive, not reactive manner; but new rules and inflation are cutting into our resources. The Sorrento Vol. Fire Dept./ Auxiliary has put on benefit suppers and lobster raffles and called on the good citizens to help support the Fire Department with fair success, but if the turn out at emergency calls drops below four trained FFER's or equipment becomes unsafe Sorrento will drop to a class 10 rating.

For fire protection and the other emergency services provided by the

Sorrento Fire Department, the tax payers of Sorrento pay \$0.43 per \$1000 of valuation or 7.7 cents of each tax dollar. Homeowner insurance (Ins.) on an \$80,000 home is approx. \$184, Fire Ins. approx. \$216 in a class 8 town (which we were and could be again.) Homeowners is \$228, Fire Ins. is \$355 in a class 9 town (what we are.) Homeowners is \$294 - \$317 (depending on your Ins. Company), Fire Ins. is \$418 in a class 10 town (what we will be if this Department is not fully supported by the townspeople). The drop from 8 to 9 has already cost resident homeowners in rate increases: \$0.55 per \$1000 valuation for insurance and non-resident building owners who have to buy fire insurance \$1.73 per \$1000. A drop to 10 would amount to \$1.37/ \$1000 more for resident homeowners and \$2.52/ \$1000 more for non resident fire insurance.

Respectfully submitted,

Walter E. Guyette, Jr., Chief

SORRENTO FIRE DEPARTMENT

PROPOSED BUDGET FOR 1993 TOWN FUNDS

On a valuation of \$43,923,600 with a commitment of \$239,457.39 and a tax rate of \$5.50 per thousand the Fire Dept. 1992 budget of \$18,550 was 7.7 cents of each tax dollar or \$0.43 per \$1,000.

On an average house valued at \$80,000 Homeowners Insurance cost \$228 or Fire Ins. cost \$355 based on Class 9 rates. Increases of \$66-\$87 and \$63 respectively would be imposed if we do not maintain this Fire Department.

This budget only covers the most urgent needs of this Department, but with the help of the Sorrento Volunteer Fire Dept. / Auxiliary and the generosity of Sorrento's citizens the Sorrento Fire Dept. will continue to provide the best possible service in 1993 with the same Tax Dollars as 1990, 1991, and 1992.

THE SORRENTO VOLUNTEER FIRE DEPARTMENT / AUXILIARY

The Auxiliary was again very busy raising funds to support the Sorrento Fire Department in its many needs for 1992.

In April a heating equipment seminar was attended by several fire fighters at the Ellsworth meeting of the Maine Chiefs' Assoc.

This Spring the Volunteers burned thirteen fields raising \$80.00. Due to new Workers Comp. rules this service may not be available much longer. The new brush truck was tested and modified at these fires. For more details see the 1992 Sorrento Fire Dept. report.

Two low work lights (with 500 watt independent heads) were presented to the Sorrento Fire Dept. Several small tools and assorted supplies were also acquired to make the operations of the Sorrento Fire Dept. easier.

We wish to thank everyone who sent donations to our yard sale held at the Sullivan Sorrento Rec. Center. The day was pleasant and a good deal was made on all the items for sale. Enough funds were raised to acquire a box van to eventually replace the present Utility 5.

In August we roasted salmon for a record crowd at the Community Building under our "big top tent". Raffle winners (ten pound lots) of 115 pounds of lobster were drawn at this supper and a good time was had by all present. We thank anyone who helped or bought a ticket.

The 1st responder course appeal letter was well received and funds were raised which paid for the course and should outfit the Rescue Squad so that it can be on line some time in March. Again we thank all who sent donations. See more details in the 1992 Sorrento Fire Dept. report.

In October a Fire Dept. Field Day was held for the fire fighters and their families. The weather held out and a good time was had by all.

During Fire Prevention Week in October the Sorrento, Sullivan, and Franklin Volunteer Fire Depts. again sponsored activities at Mountainview School for grades K-4. Joey Clark attended a two day Pine Tree Learn Not to Burn seminar in Portland which should help with next years school programs.

Fund details are on the 1992 Contributed funds report.

Respectfully submitted,
Walter E. Guyette, Jr. Chief

SORRENTO PLANNING BOARD

Thirteen applications in 1992 were received and approved including: one for a new residence; eight for improvements and additions to existing residences, one for a garage, one for a new pier, one new boat house, and one to restore an antique gazebo used by Frank Jones in the late 1890's.

In 1992 the Planning Board has streamlined the new Shoreland Ordinance which was passed by the State and took effect in 1992. The Board has worked long and hard to get this ready for the 1993 Town meeting. Special thanks to James Swartzmiller and Barbara Murnane for their tireless work bringing this to print.

Sorrento has again been determined to be a Tier II town by the Office of Comprehensive Planning. We are eligible for Matching Funds to help offset the cost of preparing the State mandated Comprehensive Plan for Sorrento. These funds are now available if we wish to accept.

Anyone with technical knowledge or the ability to organize and do research which might be helpful during this planning process is invited to contact the Planning Board.

Respectfully submitted,

Walter E. Guyette, Jr.

LONG POND WATER DISTRICT REPORT

The Long Pond Water Company was incorporated in 1885. It services part of Sullivan and Sorrento with one hundred seventy-four (174) users.

It became obvious to the company that it would be in the best interest of the system users if a water district were formed to take over the tasks of operating and upgrading the system. The process of forming a water district was initiated and eventually, as a result of Legislative Document 2322, the Long Pond Water District was formed.

Because of a Federal Mandate, all surface water supplies, without an exemption, have to filter their present water supply or find another source of water before June 29, 1993. This is going to be very expensive. Your water bill will probably go up 75-100%.

The bright side of this is, you will have better fire protection and hopefully better water quality.

Because we are a district, the district will get an annual report of finances and other interests.

Respectfully submitted,

Andrew Abbott

Paul Neleski

Casper Clark

Clinton Richie, Secretary

Sorrento Community Building Report

The Sorrento Community Building has been used this year by various organizations, as well as by residents for private events.

The Hancock County Community Extension Service is now holding their monthly meetings here as several people in town are involved in this organization.

We are pleased that the building has been used the most this past year than it has ever been used in the past. Among the groups now benefiting from the building, include Coastal Recycling, Sea Breeze Garden Club, School Union 96, The Boy Scouts, and the Sorrento Volunteer Fire Department.

Because of the economy, we haven't made any major improvements on the Community Building for several years. However, we are excited to begin a new year, and would appreciate suggestions from residents as to ways we might work to make it a more efficient and enjoyable place for all of us. Please continue to use the Sorrento Community Building and support it. It's a wonderful building. Thanks!

Heather Parker
Virginia Guyette
Diane Mickel

Report of the Sorrento Scholarship Committee

We are pleased to report the following students received scholarship funds for the academic year 1992-1993:

Jason Clark	Willa Parker
Brandi Buteau	Shenon Parker
Kate Devine	Erin Perry
Sean Devine	Aaron Sollet
Heather Murphy	Matthew Walker
Jenny Parker	

The Sorrento Scholarship Fund financial statement is as follows:

Balance 3/9/92	\$ 5372.32
Contributions through 12/31/92	4000.00
Interest through 12/31/92	138.89
Printing, stamps, Etc.	213.41
Scholarships paid	3500.00
Balance 12/31/92	5797.90

It is the Committee's intent to issue second semester scholarships in January, 1993 in the amount of \$250.00 to eligible students.

We extend our heartfelt thanks to all contributors.

All Sorrento Students under 25 years of age attending institutions of higher education are eligible to apply for this scholarship. For further information or for an application form, contact any Committee member.

Crosby S. Noyes, Jr., Chairman	Helen Briggs
Diane Mickel, Treasurer	Ruth Clark
Ellen Devine, Secretary	Robert Marshall

REPORT OF THE V.I.A. SORRENTO BOOK CLUB

Many years ago a lady named Shaw left \$1,000 in Trust with instructions that the interest should be used to buy books for the Sorrento Library. This interest has been used this winter to buy three new books each month. Another thirty-six books were taken from the library and twelve families pass books to each other twice each month. Hilda W. Darrach has purchased the books with V.I.A. funds. The present families are:

Dan/Joyce Bierman
Prescott/Helen Briggs
Hank/Hilly Darrach
Ellen Divine
Larry/Cathy Lewis
Ron/Sandra Libby

Robert/Nancy Marshall
Beppie/Newbold Noyes
Crosby/Liza Noyes
James/Mary Schartzmiller
Bill/Marian Wise
Roger/Linda Woodworth

New members may join to start next September by expressing their interest to Hilda Darrach or Larry Lewis. There is no charge to Sorrento residents. We are pleased the V.I.A. has supported this effort to serve our village.

Respectfully submitted,

Lawrence Lewis

The Warrant

**Hancock, SS
To**

State of Maine

residents in the town of Sorrento, in County of Hancock

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Sorrento, in said county, qualified by law to vote in town affairs, to meet at the Sorrento Community Building on Monday the 1st day of March A.D. 1993 at 7 o'clock in the evening then and there to act on the following articles, Namely:

- 1. To elect a moderator to preside at said meeting.**
- 2. To elect 1 Selectperson to serve 3 years and to set compensation/expenses for same.
(Recommend same as 1992)**
- 3. To elect a Town Clerk for the ensuing year and to set compensation/expenses for same.
(Recommend same as 1992)**
- 4. To elect three Assessors and to set compensation/expenses for same.
(Recommend same as 1992)**
- 5. To elect three Overseers of the Poor and to set compensation/expenses for same.**
- 6. To elect a Tax Collector and to set compensation/expenses for same.
(Recommend same as 1992)**
- 7. To elect a Town Treasurer and to set compensation/expenses for same.
(Recommend same as 1992)**
- 8. To elect a Civil Preparedness Officer and to set compensation/expenses for same.
(Recommend same as 1992)**
- 9. To elect one School Committee member, to serve three years.**
- 10. To elect a Road Commissioner and set compensation/expenses for same.**
- 11. To elect five Directors for the Community Building.**
- 12. To elect a Fire Chief.**

13. To see if the Town will vote to raise and appropriate monies for support of the fire department, fire chief, and hydrant rentals.
 1. Fire Chief's Compensation \$1,200
 2. Hydrants (estimate \$2,340)
 3. Operating Expenses \$18,550
14. To see if the Town will fix a date when taxes shall be due and payable and to see if the Town will vote to fix a rate of interest to be charged on said taxes unpaid after the said date.

(Recommend Oct. 30, 1993 and 10% Interest)
15. To see if the Town will authorize the Selectmen to sell and dispose of all property held by tax liens on such terms as they deem advisable and execute quit claim deeds for such property providing any such sale, is advertised in the Ellsworth American for 30 days prior to such sale, so that all may have an opportunity to bid on same.
16. To see if the Town will vote to raise and appropriate \$2,000, more or less, to be awarded by the Selectmen to Sorrento post secondary students on an equal basis.
17. To see if the Town will vote to raise and appropriate \$2,000 for the Sorrento Scholarship Fund.
18. To see if the Town will authorize the selectmen to negotiate a contract with PERC for disposal of solid waste.
19. To see if the Town will vote to support the formation of a First Responder Unit as part of the municipal fire department.
20. To see if the Town will vote to authorize the Selectmen to place \$10,000, from the sale of Town property, in a reserve for purchase of land suitable for a salt shed/transfer station.
21. To see if the Town will vote to take from sinking fund for construction of new floats.
22. To see if the Town will vote to elect three members to a five member Centennial Committee.
23. To see if the Town will authorize the selectmen to appoint two members to serve on the Centennial Committee.
24. To see if the Town will vote to raise and appropriate \$2,126.60 as the Town's share of the 1993-94 operating cost of Coastal Recycling.

25. To see if the Town will vote to raise and appropriate \$1,028.12 for transporting recyclables from the town collection station to the Coastal Recycling Center in Hancock.
26. To see if the Town will vote to authorize the municipal officers to spend an amount not to exceed $\frac{1}{4}$ of the budgeted amount in each budget category of the 1993 annual budget during the period from January 1, 1993 to the 1994 town meeting.
27. Shall the Town vote to accept the categories of funds listed below as provided by the Maine State Legislature?

(A) State Aid Block	\$ 14,000
(B) ATV, Snowmobile	90
(C) Municipal Revenue Sharing	7,000
(D) Veterans Exemption Reimbursement	100
(E) Property Tax Relief Fund	Unknown
(F) State Aid to Education	Unknown
(G) Civil Emergency Preparedness	Unknown
(H) Tree Growth Reimbursement	2,000
(I) General Assistance Reimbursement	1,000
(J) Miscellaneous Reimbursements	
Provided by the State	
Sand-Salt Building	30,000

28. To see if the Town will vote to authorize the Selectmen to accept gifts or grants of monies from Federal or private sources.
29. To see what sum of money, if any, the Town will appropriate and expend fro a Town Director of Coastal Recycling. (Recommend \$400)
30. To see if the Town will authorize the Selectmen to return, if any, operating surplus from the Fire Dept. back to the fire Truck Fund.
31. Shall the Town vote to accept a Planning Grant as provided by the Maine State Legislature; to raise the local funds required as a match to the Grant; to appropriate the grant and the required local matching Funds for the development of a Comprehensive Plan pursuant to the Comprehensive Planning and Land Use Regulation Act; to contract with the State Department of Economic and Community Development for the grant; to authorize the Selectmen to contract, as necessary, for materials and services needed to achieve the purposes of the grant.

Estimated amount of the Planning Grant	\$ 13,500
Estimated amount of the Local Match	4,500

32. To see if the Town will vote to accept the new Shoreland Ordinance* as approved at a public hearing held Feb. 15, 1993 at 7 P.M. at the Sorrento Community Building.
33. To see if the Town will authorize the Fire Department with Selectmen's approval to dispose of surplus equipment in a manner that best benefits the Fire Department. The proceeds if any to be deposited in the Fire Truck Fund to be used to upgrade or replace equipment for the Fire Department.
34. To see if the Town will authorize the Fire Department and Selectmen to apply for a license for a non Transportation First Responder Service with the Maine State EMS office and obtain the necessary policies to protect the Town.
35. To see if the Town will vote to raise and appropriate \$3,500 as operating expenses and \$2,000 for capital improvement projects for the Sorrento Community Building. Total \$5,500.

37. To see what sum of monies the Town will raise and appropriate for solid waste disposal from July '93 through Dec. '93.
38. To see if the Town will accept a Solid Waste Ordinance.
39. To see if the Town will vote to authorize Selectmen to enter into a contract for transfer of solid waste.
40. To see if the Town will authorize the Selectmen to purchase land for the purpose of erecting a salt shed and/or transfer station.
41. To see if the Town will authorize the Selectmen to contract with a lending/bonding agency for a promissory note to be used for the dump closure costs, salt shed construction, and possible transfer station (capital costs to include cost of purchasing land).
42. To act on any other business that may come before the meeting.

The Selectmen hereby give notice they will be in session at the Community Building at 7 o'clock in the evening on Monday, March 1st., 1993.

Louis Sutherland
Dennis Perry
Bruce Clark
Selectmen of Sorrento
